(1) There is no assurance that we will acquire or dispose of the properties under contract or letter of intent because the proposed acquisitions and disposition are subject to the completion of satisfactory due diligence and various closing conditions and, in the case of properties under letter of intent, purchase and sale agreements.

(2) Cash rent change is calculated as the difference, weighted by square feet, of the net base rent due the first month of the new lease term and the net base rent due the last month of the former lease term. If free rent is given, then the first positive full rent value is used. Rental amounts exclude base stop amounts and holdover rent. The calculation excludes month-to-month, former or current lease terms of less than 12 months and circumstances where there is no prior lease for comparison.

Strategy	Examples
<b>Repositioning/ Redeveloping of Vacant Properties</b>	<ul style="list-style-type: none"> <li>South Main: The property consists currently of three industrial buildings acquired in 2012 containing approximately 186,000 square feet and one office building acquired in 2014 containing approximately 34,000 square feet on approximately 14.3 total acres. The three industrial buildings will be demolished and replaced by a single new front-load industrial distribution building containing approximately 210,000 square feet and the office building will be renovated. The expected redevelopment cost is approximately \$16.4 million. The estimated stabilized cap rate of the redeveloped property is approximately 6.1%.</li> </ul>
<b>Vacant and Near Term Lease Expirations</b>	<ul style="list-style-type: none"> <li>Hart: The Rahway, NJ property was purchased 52% occupied in October 2014 and was 100% leased as of June 30, 2015.</li> <li>Las Hermanas: Acquired this Compton, CA property in June 2014 via a short-term sale-leaseback with the warehouse tenant expiring in three months. In August 2014, executed a long term lease with a tenant for the entire warehouse.</li> </ul>
<b>Value Realized</b>	<ul style="list-style-type: none"> <li>Rialto: The San Bernardino trans-shipment property was acquired for approximately \$12.1 million in September 2010. After the tenant restructured its debt and renegotiated its labor contracts, Terreno recognized a 20.9% unleveraged IRR by selling the property for approximately \$17.0 million in November 2012 and recycled the capital into new acquisitions.</li> <li>Warm Springs: Terreno acquired two 50% leased Fremont, CA distribution buildings in March 2010 for approximately \$7.3 million. Terreno recognized a 15.1% unleveraged IRR by leasing the vacancy and selling the property for approximately \$13.4 million and recycled the capital into new acquisitions.</li> </ul>

(2) Historical Same Store Results include cash-basis same store NOI growth %'s as reported in the Company's Form 10-Q and 10K's. Previously reported cash-basis same store NOI growth has not been adjusted for properties that were subsequently disposed or are held for sale to a third party
